UPCOMING HOURS
The Evans Library will be closed Monday, September 3, in observance of the campus Labor Day holiday.

Normal Library hours during Fall 2001 semester are:
- Monday through Thursday: 8:00 a.m. - midnight
- Friday: 8:00 a.m. - 5:00 p.m.
- Saturday: 9:00 a.m. - 5:00 p.m.
- Sunday: 10:00 a.m. - midnight

Reference service is available during the following hours:
- Monday through Thursday: 10:00 a.m. - 9:00 p.m.
- Friday: 10:00 a.m. - 5:00 p.m.
- Sunday: 2:00 p.m. - 9:00 p.m.

NEW CREATIONS FOR SALE!
A variety of new jewelry pieces and Brevard Watercolor Society art works are now on exhibit in the Evans Library. These items can be found in the north entrance display case and throughout the first floor. Partial proceeds from the sale of art and other such items benefit the Library's endowment funds.

"INFORMATION LINKS" ONLINE
Current and back issues of the Evans Library's monthly newsletter are available by way of the LINK. The most current edition can be found under "Library News" and an archive can be found in the GENERAL INFO section.

TRIAL DATABASES
Through Florida Tech's ICUF affiliation, the Evans Library will soon be providing trial access to several valuable and powerful electronic databases. Beginning Wednesday, September 12, access to Current Contents Connect and the Web of Science will be available. These trials will run through Tuesday, October 2.

Of interest to almost all Florida Tech disciplines is the Web of Science trial server (http://wos.isitrial.com) that contains three ISI citation databases - Science Citation Index Expanded,

GRADUATE RESEARCH WORKSHOP - Fall 2001
Registration is underway for the Fall 2001 graduate research workshops. These workshops will take place in the Library's Edwin A. Link Multimedia Room from 9:00 a.m. until 12:15 p.m. on Friday, October 19, and Saturday, October 20. Additional information and a registration form may be found on the LINK (www.lib.fit.edu).

Geared toward the research needs of graduate students, especially those preparing theses and dissertations, these two identical sessions each will begin at 9:00 a.m. and will involve three distinct one-hour modules - 1) search strategies, 2) LINK resources and services, and 3) subject-specific break-out sessions.

For more information or registration, graduate students who are interested may contact Joanne Savage, Instructional Programs Technician, at jsavage@fit.edu or x7656, or Kathy Turner, Instructional Programs Librarian, at kturner@fit.edu or x8839. Reservations are required by Tuesday, October 16, and should include name, Florida Tech ID, email address, phone number(s), modules desired to attend, date of requested workshop, and student's program of study.

TRIAL DATABASES - continued
Social Sciences Citation Index, and Arts & Humanities Citation Index. Coverage is 1975-2000 data, plus all 2001 year-to-date weekly updates.

The Current Contents Connect (CC Connect) trial server (http://ccc.isitrial.com) contains seven Current Contents editions and two collections, with a six-month file depth.

As of 9:00 a.m. on September 12, campus IP addresses will be recognized by these database sites. Access is limited to a maximum of three simultaneous users.

Please note that a current awareness alerting service is also available during the trials. Fifty (50) email alerts will be offered to participants. Trial alerts will expire after four weeks. Details on using the alerts can be found on the database sites.

One of the unique features of CC Connect is its ability to link its records to corresponding records in the Web of Science and GenBank (published by the National Center for Biotechnology). These trials include activation of these links.

Some minimum system requirements do apply. These are: Internet access with Netscape 4.0 or higher, or Microsoft Internet Explorer 4.0 or higher, and a monitor resolution of at least 640x480.

ISI encourages all trial participants to use their automated feedback forms. Also the Evans Library Information Advocates are interested in feedback as well. Feel free to contact department/school Library Information Advocates or the Library's Administrative Librarian Tom McFarland (mcfarlan@fit.edu) for additional information or assistance. ISI technical support can be obtained online at http://www.isinet.com/isi/training/nahelpfm or by email (help@isinet.com).
