LIBRARY GRANTED IMLS/AASLH “BOOKSHELF” AWARD

In February, the Evans Library was awarded a "Connecting to Collections Bookshelf" grant, which consists of a set of print, online, and multimedia materials to support the ongoing care of its collections. Awarded by the Institute of Museum and Library Services (IMLS), in cooperation with the American Association of State and Local History (AASLH), these valuable resources will contribute greatly to the Library’s current and future conservation efforts.

ONGOING DISPLAY CELEBRATES FLORIDA TECH’S 50th ANNIVERSARY

Continuing in the Evans Library is a three-case lobby display celebrating Florida Tech’s 50th anniversary. Currently focusing on past and present campus presidents, this phase of a full-year exhibit features biographical sketches and published works, Brevard Engineering College memorabilia, excerpts from Dr. Gordon Patterson’s history of the university, and lots of nostalgic looks back at campus life of the 60s and 70s. Future emphases will be on library collections, student involvement, and faculty publications.

WELCOME, KAREN WINKLE!

Ms. Karen Winkle has joined the Library faculty as a cataloger who will focus on metadata and other forms of electronic access for service to distance learners.

Ms. Winkle earned her MLIS at Drexel University in Philadelphia. As a former cataloger at Stetson University, she has significant expertise in cataloging print and electronic resources. She is knowledgeable in cataloging standards and services including AACR2, Library of Congress classification, OCLC worldwide content delivery services, and database management. Most recently, Ms. Winkle was Library Administrator/Director at ITT Technical Institute.

WHAT’S NEW?

The campus community is reminded that brand-new materials that have been added to the Library can be browsed and/or checked out from the first-floor New Books shelves. Also titles and call numbers of all new books, government documents, multimedia, and Internet materials can be viewed on the LINK under Library News. The LINK features two lists, one for New Materials and one for New Links to Internet Sites.
