NEW LIBRARY WEBSITE!

by Wendy Helmstetter

The Evans Library is proud to announce the launch of its new Learning Commons website. The Library’s Technical Team, consisting of Jon Beliveau, Travis Jones, Nathan Miller, and Anthony Mowad, has spent the past year redesigning, reorganizing, and re-coding the entire site to provide enhanced functionality and improved navigation. Members of the Library’s Web Task Force, Suzanne Kozaitis, Linda Khan, and Rebecca Weber, worked closely with the Technical Team on the framework for content and organization, and with the university’s webmaster, Sharon Ainsley, to ensure proper design and coding standards were met at all steps.

FROM THE DEAN’S DESK: SPOTLIGHT ON DOCUMENT DELIVERY LIBRARIAN NATHAN HOSBURGH

Nate Hosburgh, Document Delivery Librarian, is implementing the technologies and processes to provide on-demand high-speed delivery of documents to our online students and faculty. These documents come from our collections and other institutions. Nate is developing the Library’s document delivery service in collaboration with Interlibrary Loan Librarian Tori Smith and Patron Services Librarian Suzanne Odom.

FALL 2010 GRADUATE RESEARCH WORKSHOPS – DATES SET

The Library’s Fall 2010 graduate research workshop will be held on Friday, September 24 (1:00 – 4:45 p.m.) and Saturday, September 25 (8:45 a.m. – 12:30 p.m.) in the Library’s Link Multimedia Room. Registration information for this popular half-day seminar is available on the Library website.

LIBRARY DISPLAYS – DEAN’S SEPTEMBER PRESENTATION

On Wednesday, September 8, Dean of the College of Science, Dr. Gordon Nelson, will present The History of Science Research at Florida Tech in the Evans Library second-floor Link Multimedia Room. Beginning at 3:00 p.m., his address will complement the Library’s ongoing exhibit, Florida Tech Research Showcase – College Series. Its current focus on the College of Science is organized by departments, Biological Sciences, Chemistry, Mathematical Sciences, Physics & Space Sciences, and Science & Mathematics Education and demonstrates international collaborations and far-reaching scientific applications.
